What is Avia Masters?

Avia Masters is an arcade-style online casino game that falls under the popular "crash game" category. Unlike traditional slots where the result is determined totally upon spinning, crash games allow gamers to actively take part in the development of the round.

In Avia Masters, the gamer functions as the commander of an aircraft. When a round starts, the aircraft takes off, and a multiplier begins climbing up rapidly from 1.00 x up. The main goal **Bitz** is stealthily basic: **squander before the plane crashes or flies away.**

If a player squanders in time, they win their preliminary stake increased by the existing value on the screen. If the airplane crashes before they cash out, the bet is lost. This dynamic creates an exhilarating mental tug-of-war between greed (waiting on a higher multiplier) and caution (securing a smaller, ensured earnings).
