What is Avia Masters?

Avia Masters is an online gambling establishment game that mixes arcade-style mechanics with real-money gambling. In Avia Masters, the player typically puts a bet before an aircraft takes off. As the aircraft gains altitude, a multiplier boosts in real-time. The core objective of the game is basic yet nerve-wracking: squander before the airplane crashes, flies away, or encounters a catastrophic occasion. If the player cashes out in time, they win their preliminary stake increased by the current value. If they wait too long and the flight ends prematurely, they lose their stake.

- **The Goal:** Hit an unusual, huge payment. This needs a high tolerance for loss, as the vast bulk of rounds will end in crashes before reaching these heights.

3. The Martingale System

- **How it works:** Doubling the bet size after every loss, with the objective of recovering all previous losses plus an earnings when a win eventually happens.
- **The Risk:** This needs a considerable bankroll and can rapidly hit table limits or exhaust funds throughout a prolonged losing streak. Usage with severe caution.
