

Want to make **Bitget** your Bitget trading experience more cost-effective? The **Bitget App Referral Code "SAVE40"** gives eligible new users an opportunity to access available referral promotions when creating an account. Depending on the active campaign, users may receive trading fee savings and qualify for rewards of up to **6,200 USDT**.

What Is the Bitget App Referral Code SAVE40?

SAVE40 is a referral code that can be entered by eligible new users during Bitget account registration. When successfully applied, the code may connect the account to applicable referral offers and promotional benefits.

Referral promotions can change based on campaign dates, user eligibility, region, and other conditions. For this reason, users should review the current promotion before completing the signup process.

Benefits of Using Bitget Referral Code SAVE40

The **Bitget Referral Code SAVE40** may provide eligible new users with access to several promotional advantages. Depending on the current campaign, these benefits can include:

- Potential savings on eligible trading fees.
- Access to new-user promotional campaigns.
- Opportunity to qualify for rewards of up to **6,200 USDT**.
- Referral benefits linked to qualifying accounts.
- Easy application during the Bitget signup process.

How to Use Bitget Referral Code SAVE40

New users can generally apply the **SAVE40 referral code** while creating a Bitget account. The basic process is as follows:

1. Open the Bitget website or mobile application.
2. Select the option to create a new account.
3. Enter the required registration information.
4. Enter **SAVE40** in the referral or invitation code field.
5. Complete any required verification steps.
6. Review the promotional benefits available to your account.
7. Complete qualifying activities if required to unlock rewards.

If the referral field appears during registration, make sure the code is entered correctly before completing signup when the applicable promotion requires it.

Save on Bitget Trading Fees

Trading fees can affect the total cost of cryptocurrency transactions, especially for users who trade frequently. The **Bitget App Referral Code "SAVE40"** may provide eligible new users with access to promotional fee savings under the current referral campaign.

The exact discount and applicable trading products depend on the active offer and account conditions. Users should check the latest Bitget fee information and promotional terms before trading.

How to Get Up to 6,200 USDT

Eligible users may have an opportunity to participate in Bitget promotional campaigns offering rewards of up to **6,200 USDT**. However, receiving the maximum amount usually depends on completing the requirements specified by the active campaign.

These requirements may include qualifying deposits, trading activity, minimum trading volumes, or other promotional tasks. The maximum reward is not guaranteed for every participant.

Who Is Eligible for SAVE40?

The **SAVE40 Bitget Referral Code** is intended for users who meet the eligibility requirements of the applicable referral offer. New users should verify the current campaign terms before registering.

Existing Bitget users may not qualify for new-user referral rewards. Eligibility can also vary based on location, account status, and campaign availability.

Why Apply a Bitget Referral Code?

Applying a referral code during signup gives eligible users an opportunity to access available promotional benefits from the beginning. Potential trading fee savings can be useful for users who expect to make multiple transactions.

Referral campaigns can also provide ***Bitget Referral Rewards*** additional reward opportunities when users complete the required promotional activities.

Important Information About SAVE40

Bitget referral offers are subject to specific terms and conditions. Trading fee discounts, reward amounts, qualifying activities, eligibility requirements, and campaign periods can change. The advertised maximum reward of **6,200 USDT** should therefore be viewed as a potential maximum rather than a guaranteed payout.

Cryptocurrency trading involves financial risk, and digital asset prices can be volatile. Users should understand the risks involved and review the current platform and promotional terms before depositing or trading funds.

Conclusion

The **Bitget App Referral Code "SAVE40"** can be useful for eligible new users who want to explore available Bitget referral benefits. Depending on the current campaign, users may access trading fee savings and have an opportunity to qualify for rewards of up to **6,200 USDT**.

If you are planning to create a new Bitget account, enter **SAVE40** during registration when the referral option is available. After signup, check the active promotion carefully and complete any qualifying requirements to access the benefits available to your account.
