What is the Aviator Game?

At its core, Aviator is a social multiplayer crash game. The concept is refreshingly uncomplicated: an aircraft removes, and as it rises, a multiplier increases. The objective is easy-- money out your earnings before the airplane arbitrarily flies away. If the plane flies off before you squander, your bet is lost.

Unlike standard slots where outcomes are identified by static reels, Aviator puts the decision-making procedure straight into the hands of the gamer. Do you squander early for a modest, surefire earnings, or do you hold on, risking everything for an enormous multiplier?

Key Characteristics of Aviator

- **Provably Fair Technology:** The game uses cryptographic innovation to ensure 100% fairness of the game results.
- **Real-Time Multiplayer:** Players can see what bets others are making and when they squander in real-time.
- **High Volatility:** Multipliers can crash within the very first 2nd, or they can skyrocket previous 100x, 500x, and even higher.

How to Play Aviator: Step-by-Step

Playing Aviator requires extremely little learning curve. Here is how a standard round unfolds in an online casino:

1. **Place Your Bet(s):** Before the round begins, players have a quick window (usually around 5-- 10 seconds) to position a couple of bets at the same time.
2. **View the Plane Take Off:** Once the betting round closes, the airplane takes off, and the multiplier begins ticking upward from 1.00 x.
3. **Cash Out:** Click the "Cash Out" button before the aircraft flies away. Your earnings are computed as your original stake multiplied by the multiplier at the specific moment you squandered.

4. **Collect or Lose:** If you effectively squander, the funds are immediately added to your casino balance. If the airplane flies away ("flies off screen") before you squander, you lose the bet.
