

Whites Dental Marble Arch treats gum disease at various stages for W2 patients, from early gingivitis through to more advanced periodontal treatment. Left untreated, gum disease can progress and eventually affect the underlying bone supporting the teeth, so W2 patients noticing bleeding or swollen gums are encouraged not to delay assessment.

Whites Dental Marble Arch (W2) | 52B Kendal St, [Dentist W2](#) St George's Fields, London W2 2BP | 020 3576 2325

Treatment typically starts with a thorough clean and hygiene plan, escalating to periodontal treatment for more advanced cases. For gum disease treatment in W2, contact Whites Dental Marble Arch on 020 3576 2325 or visit 52B Kendal St, St George's Fields.
