Weight Limits and Overage Charges to Watch For

Dumpster rental prices depend heavily on weight, not just volume. A 10 yard dumpster might hold the size of debris you expect, but if it's especially heavy materials like concrete, tile, or dirt, you'll likely hit weight limits before filling the container.

Typical weight limits for 10 yard dumpsters in Virginia Beach:

Dumpster Size	Weight Limit	Common Overage Fee
10 Yard Dumpster	2,000-3,000 lbs (1-1.5 tons)	\$50 - \$100 per additional 500 lbs

Make sure to ask your rental company about their exact weight limits and fees. For example, D.E.M.M. DUMPSTERS LLC will provide these details at booking, so you're never caught off guard.

Pro tip: If you expect heavy debris, consider renting a larger size or separate container to avoid expensive overage charges.
