What Defines a "Rare" Skin?

In CS2, "unusual" does not describe a single category. Instead, rarity is a combination of several characteristics:

1. **Rarity Tier**-- The main drop-rate category designated by Valve (e.g., Mil-Spec, Restricted, Classified, Covert, Rare Special Item).
2. **Drift Value**-- The amount of wear (from 0.00 to 1.00). Lower float numbers often suggest a cleaner look and higher desirability.
3. **StatTrak™**-- An unique milestone that tracks kills. StatTrak versions of particular skins command a premium.
4. **Age & Availability**-- **Skins that have actually not been offered for purchase for many years, or those that were removed from the video game's loot tables, become increasingly scarce. Aesthetic Demand-- Unique finishes, lively**
5. **colors, or thematic ties to major occasions can drive need beyond what the base rarity tier would recommend. Rarity Tier Overview Below is a succinct table of the basic rarity tiers**
