This thorough guide checks out how the Aviator game works, the strategies gamers often discuss, its essential features, and important **Kenya Aviator Game** ideas for responsible play.

What is the Aviator Game Online?

At its core, Aviator is a multiplayer social game featuring an increasing curve that can crash at any time. When a round starts, a virtual plane removes, and as it gets altitude, a multiplier coefficient begins to grow.

The main goal for the gamer is simple: **squander before the plane flies away**.

If a gamer cashes out effectively, their stake is increased by the present coefficient. However, if the airplane flies off ("crashes") before the gamer strikes the cash-out button, the bet is lost. The unpredictability of when the aircraft will leave the screen is what produces the suspense and enjoyment of the game.
